

NST10.IP Linear LED strip light Datasheet

Product codes

Unit:	Series:	Colour temp.:	Beam angle (°):
NST10.IP	LN	3K 4K RGB	DF180

Electrical

Colour temperature: 3000K or 4000K or RGB (Special Order)	Input voltage: 24V	IP rating: IP67	Surge protection: 3100V	Dimmable: Yes
--	------------------------------	---------------------------	-----------------------------------	-------------------------

Driver: BG-030SD-24V (sold separately)	Driver for Pro-LN: Non-Dimmable or Phase or Dali or 010V or SMART (Zigbee 3.0) or CASAMBI	Circuit Wattage: 10W/mWm
---	--	------------------------------------

Operational

Lumen output: 1000lm or 1090lm or N/Alm	Beam angle: DF180°	Operating temp.: -20 to 50°C	Average temp.: 60°C	Lifetime L70, B10: 50,000 hrs (@TA25)
--	------------------------------	--	-------------------------------	---

Physical

Gimbal angle: N/A	Warranty: 7 years	Length: 5.0mm or 1.0mm	Outer Body: White	Version: 1.0
Driver Wattage: 30	Length per Driver: xx
